Combined Mining Project Timeline

Task Name	Start	End	Duration (days)
1. Determine scope and design of project	August 23, 2021	October 15, 2021	53
2. Setup Raspberry Pi 4 web server	October 15, 2021	October 22, 2021	7
3. Determine what Information is needed for analysis	October 22, 2021	November 26, 2021	35
4. Research how to connect to APIs	October 22, 2021	November 26, 2021	35
5. Design a DB	October 22, 2021	November 26, 2021	35
6. Develop backend for the web server	November 26, 2021	December 4, 2021	8
7. Develop an algorithm for analysis/create graphs	December 4, 2021	January 1, 2022	28
8. Design frontend for the web app	January 1, 2022	February 1, 2022	31
9. Test UI for ease of use	February 1, 2022	February 11, 2022	10
10. Validate security of user information	February 11, 2022	February 18, 2022	7
11. Test Web App for bugs	February 18, 2022	March 1, 2022	11
12. Beta Test Web App with other users	March 1, 2022	March 30, 2022	29
13. Make finishing touches	April 1, 2022	April 11, 2022	10
